QUEEN REGENT

Approves of the General Lines of Spain's Reply to Peace Terms.

SAGASTA EXPLAINED

The Answer to Her Which He Believes Will Be Accepted.

MONSIGNOR MERRY DEL VAL

Will Be Selected as a Peace Commissioner.

The Reply Was Telegraphed Señor Castillo Last Night and Is Expected to Reach the White House Tomorrow.

McKinley's Position on the Philippines Not Satisfactory to the Dons—Report That the American Army Has Captured Guayama, Porto Rico, After a Stubborn Resistance by Spanish—General Advance Toward San Juan Is Being Made—Rough Riders Returning Home From Cuba.

Madrid, Aug. 8.—Last night at 12:30 Sagasta, the premier, concluded his conference with the queen regent. Her majesty approved the general lines of the reply of Spain to America's peace terms, which Señor Sagasta explained to her. The government believes that the United States will accept Spain's answer, which will certainly reach the white house by Tuesday. As a consequence of the United States accepting the reply, hostilities will immediately afterward be suspended.

As the reply to the American terms was only submitted to the queen regent last night, all the reports of her approval Saturday of the American demands are necessarily without foundation.

From a well informed source it is learned that while the answer does not discuss the four bases which the United States makes an essential preliminary to peace, and which Spain accepts without reservation, it points out that in order to avoid the definitive negotiations being in any way complicated by incidents of the war, it is expedient to agree before hand to a suspension of hostilities.

It is reported that Duke Almodovar de Rio, the minister of foreign affairs, and Monsignor Merry del Val, Spanish ambassador to the Vatican, will be selected to represent Spain in the negotiations.

The newspapers made no comments on the situation owing to the strictness of the censorship.

The reply was telegraphed to Señor Leony Castillo, the Spanish ambassador to France, last night, so that M. Cambon, the French ambassador at Washington, will receive it today.

It is sad and disappointing for a father to rear a son, spend hard-earned money for his education, and then find him at work to insure him an advantageous start in life, and build cases in the air killed off in the early years of manhood by the dread disease consumption.

Until recent years consumption was considered an incurable disease. Now it is known to tens of thousands that Doctor Pierce's Golden Medical Discovery cures 95 per cent of all cases if taken in the early stages of the disease. It also cures bronchitis, laryngitis, throat and nasal troubles and all allied diseases of the air-passages. It is the best blood-maker and flesh-builder, the best general tonic and nerve restorative. It gives a keen edge to the appetite, corrects the impaired digestion, promotes the flow of digestive juices, facilitates the production of chyle in the lower stomach, or intestines, invigorates the liver and purifies and enriches the blood. It tears down old and inert tissues and builds up new, firm, muscular tissues of health. It strengthens the heart's action, promotes the circulation of the blood to every part of the body and deepens the breathing, thus supplying the blood with vitalizing oxygen. Thousands have testified to its merits. The dealer who offers something else as "just as good" is dishonest.

"I never was very strong and then I had Dr. Gripper's" writes Mrs. Grace G. Smith, of 350 15th St., Salem, Oregon. "I had a cough and felt that all the time. I took three bottles of Dr. Pierce's Favorite Prescription and two of Golden Medical Discovery and two vials of Pleasant Pellets. I have better health now than for many years."

Twenty-one one-cent stamps cover the mailing of a paper-covered copy of Doctor Pierce's Common Sense Medical Adviser. Cloth-bound, 31 stamps. Send to Dr. R. V. Pierce, Buffalo, N. Y.

The government is fully convinced that the note will be satisfactory to the Washington government and that a suspension of hostilities will be its immediate consequence.

Another report says: "According to the most reliable sources of information the Spanish note is couched in dignified language. It asserts that Spain bows to the force of circumstances, having done nothing to provoke the war, into which she has been unwillingly led in the defence of her rights and territory. 'It expresses a willingness to appoint delegates to meet the American com-

mission to discuss a regime for the Philippines.

"It is understood that both Señor Sagasta and Duke Almodovar de Rio, the foreign minister, told the queen regent that they felt deeply the painful duty the circumstances imposed upon them."

CHICKAMAUGA.

New Sanitary Regulations to Be Put In Force.

Chickamauga Park, Ga., Aug. 8.—Aside from some important plans which are being formulated at Camp Thomas with reference to the health and comfort of the troops yesterday was a day of quiet and rest.

The sanitary condition of the regimental camps is the one absorbing matter at the park now. Definite plans are being formulated, after which the management of the camp will be under very rigid regulations as to the disposition of garbage and refuse matter and the preparation and serving of food. All drinking water will be boiled. Another condition it is hoped to bring about as early as possible is that of having the tents of all the men provided with board floors.

With the still further purpose of adding to the health conditions, practice marches are being arranged for. Tomorrow the engineer officers of all the divisions will go out to locate the most practical routes for these marches, and the regiments will be sent out later by brigades in heavy marching order for a 4-days' absence from the park. The march will cover about 60 miles going and coming and the men will occupy shelter tents at night.

ROUGH RIDERS.

They and the First Regular Cavalry Sail For Home.

Santiago de Cuba, Aug. 8.—The First regular cavalry and the First volunteer cavalry, "rough riders," sailed yesterday on the transports Miami and Matavayan. Five of the rough riders were left in the hospital here.

The rough riders came to town by rail from their camp yesterday afternoon. At the station they fell into line, each company being preceded by a red and white banner bearing the number of the regiment and the company letter.

Colonel Roosevelt rode at the head of the regiment as it marched down the Alameda skirting the water front to the dock where the Miami was moored. All the men looked worn out. They presented a picturesque appearance. Some wore new Khaki uniforms, while others were attired in heavy blue flannel shirts with their old equipment. All expressed regret at leaving their five companions behind, but were wild with joy at the prospect of so soon returning home. The work of embarkation was very easy and was quickly performed. The men are ready and eager to return for the Havana campaign in the fall.

NOT SATISFACTORY.

M. McKinley's Reply Regarding the Philippines Did Not Satisfy Spain.

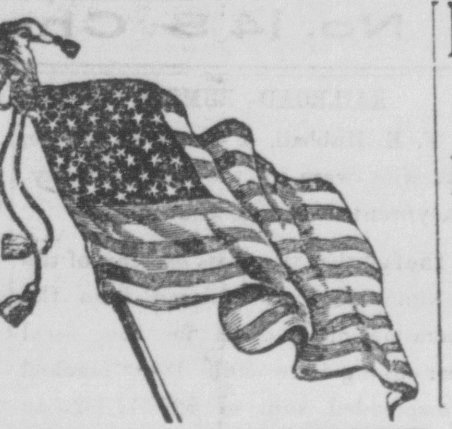

London, Aug. 8.—The Madrid correspondent of The Times says: "All the best authorities agree that the government has decided to accept the American conditions. The American reply to Spain's request for explanations reached Madrid Friday evening. The text has not been divulged, but it is known that it brought little consolation."

"President McKinley turned a deaf ear to the suggestion that Porto Rico might be left to Spain and compensation sought elsewhere. Regarding the Philippines, the reply was not altogether satisfactory, but it was of such a nature that there was no longer any necessity for postponing a decision on the main question."

GENERAL ADVANCE

Commenced by the American Army In Porto Rico.

Ponce, Porto Rico, Aug. 8, via Et. Thomas, D. W. L.—A general advance of the American force began yesterday. The remainder of General Erast's bri-

gade, constituting the advance center, supported by two batteries, moved out and a part of the Eleventh infantry of General Henry's division started to the left toward Adjuntas. Troop A of New York, the Philadelphia city troop and troop H of the Sixth regulars are conveying General Brooke's transportation column along the coast road through Salinas to Arroyo.

Wire communication with General Brooke, on the right, has not yet been established.

Colonel Rice of General Miles' staff will probably be assigned to the command of the Sixth Massachusetts.

GUAYAMA CAPTURED.

Spaniards Forced to Withdraw After a Brave Defense.

Madrid, Aug. 8.—An official dispatch from Porto Rico says the Americans Saturday seized the customhouse in the village of Fajardo, which place was without a garrison. An American column, the dispatch also says, supported by artillery, advanced on Guayama. The Spaniards made a brave defense, but were forced to withdraw to Alturas. Seventeen of the Spaniards were killed.

NEW SOLUTION.

For Payment of the Cuban Debt Evolved by El Imparcial.

London, Aug. 8.—A special dispatch from Madrid says: "El Imparcial proposes a new solution for the settlement of the Cuban debt. It takes it for granted that the United States cannot be asked to assume the burden of about 32,000,000 pounds (\$50,000,000) of debt existing when the rebellion began in 1896 and the 90,000,000 pounds (\$140,000,000) spent since, and it suggests that Spain should undertake to pay interest and redemption on the Cuban debt until the new West Indian republic is in a position to do so, which El Imparcial affects to believe Cuba could soon do, when its vast natural resources were developed under an American protectorate."

"The same paper goes on to say that Spanish finances will be very seriously compromised and the interests of Spanish and foreign holders of Cuban stock also, if the United States does nothing for the Cuban debts. The Madrid press insists that this matter will yet be mooted in the negotiations between Spain and the United States."

VISITED CAMP ALGER.

Secretary of War Goes On a Tour of Inspection.

Washington, Aug. 8.—Secretary Alger visited Fort Meyer yesterday afternoon with a view of ascertaining personally whether everything possible was being done for the soldiers of Camp Alger, who are in the hospital at the fort. He found the sick men as comfortable as could be expected in the circumstances. Each one had a good bed, which is kept immaculately clean and fresh, and all are receiving excellent medical attention and nursing. At present there are about 375 men in the hospital. Some of them are very seriously ill and a few are not expected to recover. Thus far, the fatalities among the troops at Camp Alger have numbered 39. This is not considered a great loss in an army of nearly 30,000 men, during the three months the men have been in the service.

DIDN'T MAKE THE STATEMENT.

Washington, Aug. 8.—Secretary Long yesterday made public a letter from Admiral Sampson calling attention to the report published that Commodore Schley had said he had been in favor from the first of entering the mined harbor of Santiago and bombarding the city. The letter quotes Schley as denying the statement. There is also a letter from the Associated Press, through whose channels the report was made public, denying that Schley had used the language attributed to him.

WAITING FOR ORDERS.

Playa del Este, Guantanamo Bay, Aug. 8.—The fleet is still here intact awaiting word from Washington. The collier Lebanon, towing a coal steamer, arrived yesterday. The schooner Admiral Sampson, with provisions for sale, also arrived. Both schooners are from Key West. The converted yacht Vixen has been sent to Santiago to get the registered mail held there for the fleet.

NO DECISION REACHED.

Paris, Aug. 8.—The Madrid correspondent of The Temps says: "The cabinet council yesterday discussed the question of assembling the cortes, but no decision was reached, as the ministers desire to ascertain if the United States considers the approval of parliament necessary to the definite signing of the treaty of peace."

TO PRISON FOR LIFE

Verdict In the Baker-White Murder Case.

Barboursville, Ky., Aug. 8.—The jury in the Baker case, for the murder of Sheriff Will White, gave in a verdict Saturday of life imprisonment. A new trial will be asked for by the lawyers for the defense. They claim good grounds for a new trial.

TROOPS GOING TO SANTIAGO.

Savannah, Ga., Aug. 8.—The Third and Fifth regiments of United States volunteers arrived here yesterday and are in camp awaiting transports to take them to Santiago. The transport Rio Grande also arrived, and took on board the baggage of the Fifth regiment, two battalions of which sailed at noon today.

END TO THE WAR

Has Come Is the Conviction In Official Circles at Washington.

NO MATERIAL CHANGES

In Peace Conditions Will Be Allowed by the President.

SPAIN HAS TO PAY

The Debts of Cuba and Porto Rico, as the United States Will Not Assume Them—General Wade's Reinforcements For Miles Going Forward—Moving of Shafter's Troops From Santiago May Not Be Accomplished Before September.

Washington, Aug. 8.—Although as yet without official confirmation of the report from Paris that the Spanish government has decided to accept the terms laid down by the United States as essential to the negotiation of a treaty of peace, the officials here are proceeding under the conviction that the end has come and are giving attention to the steps to be taken next. In view of the delay in coming to this conclusion, the idea was beginning to prevail that the Spanish government was about to enter a plea in abatement, and that the answer would again be inconclusive. In this case the president was disposed to deal firmly with the issues; to give notice that our proposals were withdrawn and to let it be understood that when Spain again sued for peace the conditions would be more severe than those first laid down. If the Spanish answer should embody an effort to secure any material change in the conditions it will meet with prompt rejection.

Cuban and Porto Rico Debts. Some reference has been made in the dispatches of British newspapers to a desire on the part of the Spanish government to include in the preliminary agreement a clause exempting it from liability for the Cuban debt. The formal statement of the points of the United States note given out from the white house made no reference to this subject and it cannot be known as yet whether or not the full text shows anything more. But presuming that no reference whatever is made to the Cuban debt it is possible the subject may be regarded as one that should be treated by the peace commissioners who are to meet later to frame the treaty which, of course, will embody many details that are left untouched in the main proposition though cabinet officers have authorized the statement that no part of the Cuban or Porto Rican debts would be assumed by the United States.

General Wade's Reinforcements. General Miles are going forward regardless of the progress of peace negotiations. The agreement to negotiate a treaty of peace does not necessarily carry with it a cessation of hostilities. In the case of the Mexican war it was a month after the peace negotiations began before hostilities were declared to be closed, and it is desirable, these reinforcements may be intercepted and returned to the United States after they sail. The present plans of Secretary Alger all contemplate that they shall leave the United States, especially as it is felt that with the practical field experience they will acquire in Porto Rico, under favorable climatic conditions, they will make good material to use both there and in Cuba in carrying out the government's reconstruction policies.

May Be Seriously Retarded. Secretary Alger is apprehensive that the small warlike resources of Santiago will seriously retard the execution of the department's order for the speedy return to the United States of Shafter's army corps. With the Spanish steamers coming in to take away the surrendered army of General Toral, which must be first removed before it will be safe to withdraw the whole of the American force, it is going to be difficult to embark the latter without incurring danger of a severe congestion in the unhealthy town. General Shafter has been called upon by cable to describe the state of affairs, and he will be given all the help in the power of the war department, but still it is believed that the whole of Shafter's soldiers cannot be embarked before the first of September. Meanwhile the big hospital and camp at Montauk point is being rapidly put in readiness for their reception. As there is a doubt as to the ability of the transports to come alongside the wharf in Fort Pond harbor, provision will be made for a number of light draft side-wheel steamers, possibly New York ferries, to take the men ashore from the big steamers.

Has Come Is the Conviction In Official Circles at Washington.

Washington, Aug. 8.—A comparison of the figures made by the bureau of statistics covering the exports and imports of the various ports during the fiscal year with those of preceding years show that the Atlantic ports considered as an entire group retained, when compared with the preceding year, their normal proportion of the exports of the year, but lost slightly in imports, the total increase in exportation in these ports being 17.61 per cent, while the total increase in exportation from the entire country was 17.3 per cent; the total imports of the Atlantic ports, however, fell 21.4, while the total imports into the country decreased but 19.3 per cent.

The Gulf ports did not as a whole maintain the rate of increase which the country at large made in exports, their per cent of gain being but 3.6 per cent against an average of 17.3 per cent for the total; while their imports were still greater, being 29.9 per cent against an average of 19.3 per cent for the entire country. The Pacific ports made the most satisfactory record of any group, their gain in exports being 35.7 per cent while they actually gained in imports 16.3 per cent, while the total imports for the country were being decreased 19.3 per cent.

The northern border ports made the largest per cent of gain in exports, their total for the year being 37.3 per cent greater than that of the preceding year, while in importations they lost 21.1 per cent.

DR. M'COOK.

Approves of the "Round Robin" Issued by Officers at Santiago.

Philadelphia, Aug. 8.—Rev. Dr. Henry C. M'Cook, chaplain of the Second regiment Pennsylvania volunteers, and one of the famous family of "Fighting M'Cook's," preached a sermon to his congregation yesterday in Tabernacle Presbyterian church, in which he touched on the condition of the army at Santiago, from which place he has just returned, having been sent there as special commissioner of the National Relief commission.

Of the "round robin" signed by the American generals calling for the removal of the army, he said: "So far as it relates to the sick and convalescent, it expresses precisely the feeling that I everywhere saw throughout that camp. There was the feeling that unless these men could be removed to the home land, results would be very bad indeed. So far I concur in that letter."

CENTENARIAN

Man One Hundred Years Old Marries a Woman of Twenty.

Hopkinsville, Ky., Aug. 8.—Barlow Terry, one of the oldest citizens of this section, being near 100 years of age, and Miss Melissa U. Trotter, aged 20 years, were united in marriage at the home of the bride, in Lantry's Precinct, Saturday afternoon. The groom is a wealthy planter of North Christian and, notwithstanding his age, he rode a distance of 37 miles into this city to obtain his license, and returned home, making 40 miles in a day, and feeling well as usual.

Only a Small Amount of Gold Dust.

San Francisco, Aug. 8.—The steamer Tillamook has arrived 15 days from St. Michael, Alaska, with 175 passengers. She is reported to have brought down only a small amount of gold from the Klondike.

Investigating an Anarchist Plot.

Madrid, Aug. 8.—El Epoca states that the police are investigating an anarchist plot against the life of a high political personage, which was to have been carried out tomorrow upon the occasion of the anniversary of the assassination of Señor Canovas del Castillo.

Her Time Had Not Expired.

St. Thomas, D. W. L., Aug. 8.—The Mayflower and Annapolis are here off the port, but the neutrality laws forbid her entrance until the expiration of three months from the date of her last visit. She returned westward yesterday.

DESTROYED PLANS.

Of Fifty-Three Convicts in the Kentucky Penitentiary.

Frankfort, Ky., Aug. 8.—Lewis Rector, sent up for horse stealing for 20 years from Laurel county, attempted to scale the walls of the penitentiary Saturday. Guard Abe Gam saw him and called on him to stop, but Rector kept climbing. Gam fired, the ball striking Rector in the hip, and he fell back into the yard. He may get well. Rector worked in the kitchen, and he says the whole kitchen force of 53 men had planned to escape before the new guards learned their duties. Gam's destroyed their plans.

The government is fully convinced that the note will be satisfactory to the Washington government and that a suspension of hostilities will be its immediate consequences.

Another report says: "According to the most reliable sources of information the Spanish note is couched in dignified language. It asserts that Spain bows to the force of circumstances, having done nothing to provoke the war, into which she has been unwillingly led in the defence of her rights and territory."

"It expresses a willingness to appoint delegates to meet the American com-

gade, constituting the advance center, supported by two batteries, moved out and a part of the Eleventh infantry of General Henry's division started to the left toward Adjuntas. GUAYAMA CAPTURED.

Spaniards Forced to Withdraw After a Brave Defense.

Madrid, Aug. 8.—An official dispatch from Porto Rico says the Americans Saturday seized the customhouse in the village of Fajardo, which place was without a garrison. An American column, the dispatch also says, supported by artillery, advanced on Guayama. The Spaniards made a brave defense, but were forced to withdraw to Alturas. Seventeen of the Spaniards were killed.

NEW SOLUTION.

For Payment of the Cuban Debt Evolved by El Imparcial.

London, Aug. 8.—A special dispatch from Madrid says: "El Imparcial proposes a new solution for the settlement of the Cuban debt. It takes it for granted that the United States cannot be asked to assume the burden of about 32,000,000 pounds (\$160,000,000) of debt existing when the rebellion began in 1895 and the 90,000,000 pounds (\$450,000,000) spent since, and it suggests that Spain should undertake to pay interest and redemption on the Cuban debt until the new West Indian republic is in a position to do so, which El Imparcial affects to believe Cuba could soon do, when its vast natural resources were developed under an American protectorate."

CHICKAMAUGA.

New Sanitary Regulations to Be Put In Force.

Chickamauga Park, Ga., Aug. 8.—Aside from some important plans which are being formulated at Camp Thomas with reference to the health and comfort of the troops yesterday was a day of quiet and rest.

The sanitary condition of the regimental camps is the one absorbing matter at the park now. Definite plans are being formulated, after which the management of the camp will be under very rigid regulations as to the disposition of garbage and refuse matter and the preparation and serving of food. All drinking water will be boiled. Another condition it is hoped to bring about as early as possible is that of having the tents of all the men provided with board floors.

With the still further purpose of adding to the health conditions, practice marches are being arranged for. Tomorrow the engineer officers of all the divisions will go out to locate the most practical routes for these marches, and the regiments will be sent out later by brigades in heavy marching order for a 4-days' absence from the park. The march will cover about 60 miles going and coming and the men will occupy shelter tents at night.

ROUGH RIDERS.

They and the First Regular Cavalry Sift For Hone.

Santiago de Cuba, Aug. 8.—The First regular cavalry and the First volunteer cavalry, "rough riders," sailed yesterday on the transports Miami and Matavayan. Five of the rough riders were left in the hospital here.

The rough riders came to town by rail from their camp yesterday afternoon. At the station they fell into line, each company being preceded by a red and white banner bearing the number of the regiment and the company letter.

Colonel Roosevelt rode at the head of the regiment as it marched down the Alameda skirting the water front to the dock where the Miami was moored. All the men looked worn out. They presented a picturesque appearance. Some wore new Khaki uniforms, while others were attired in heavy blue flannel shirts with their old equipment.

All expressed regret at leaving their five companions behind, but were wild with joy at the prospect of so soon returning home. The work of embarkation was very easy and was quickly performed. The men are ready and eager to return for the Havana campaign in the fall.

M. McKinley's Reply Regarding the Philippines Did Not Suit Spain.

London, Aug. 8.—The Madrid correspondent of The Times says: "All the best authorities agree that the government has decided to accept the American conditions. The American reply to Spain's request for explanations reached Madrid Friday evening. The text has not been divulged, but it is known that it brought little consolation."

"President McKinley turned a deaf ear to the suggestion that Porto Rico might be left to Spain and compensation sought elsewhere. Regarding the Philippines, the reply was not altogether satisfactory, but it was of such a nature that there was no longer any necessity for postponing a decision on the main question."

END TO THE WAR

Has Come Is the Conviction In Official Circles at Washington.

NO MATERIAL CHANGES

In Peace Conditions Will Be Allowed by the President.

SPAIN HAS TO PAY

The Debts of Cuba and Porto Rico, as the United States Will Not Assume Them—General Wade's Reinforcements For Miles Going Forward—Moving of Shafter's Troops From Santiago May Not Be Accomplished Before September.

Washington, Aug. 8.—Although as yet without official confirmation of the report from Paris that the Spanish government has decided to accept the terms laid down by the United States as essential to the negotiation of a treaty of peace, the officials here are proceeding under the conviction that the end has come and are giving attention to the steps to be taken next. In view of the delay in coming to this conclusion, the idea was beginning to prevail that the Spanish government was about to enter a plea in abatement, and that the answer would again be inconclusive. In this case the president was disposed to deal firmly with the issue; to give notice that our proposals were withdrawn and to let it be understood that when Spain again sued for peace the conditions would be more severe than those first laid down. If the Spanish answer should embody an effort to secure any material change in the conditions it will meet with prompt rejection.

Cuban and Porto Rico Debts.

Some reference has been made in the dispatches of British newspapers to a desire on the part of the Spanish government to include in the preliminary agreement a clause exempting it from liability for the Cuban debt. The formal statement of the points of the United States note given out from the white house made no reference to this subject and it cannot be known as yet whether or not the full text shows anything more. But presuming that no reference whatever is made to the Cuban debt it is possible the subject may be regarded as one that should be treated by the peace commissioners who are to meet later to frame the treaty which, of course, will embody many details that are left untouched in the main proposition though cabinet officers have authorized the statement that no part of the Cuban or Porto Rican debts would be assumed by the United States.

General Wade's Reinforcements.

General Miles are going forward regardless of the progress of peace negotiations. The agreement to negotiate a treaty of peace does not necessarily carry with it a cessation of hostilities. In the case of the Mexican war it was a month after the peace negotiations began before hostilities were declared to be closed, and, if it is desirable, these reinforcements may be intercepted and returned to the United States after they sail. The present plans of Secretary Alger all contemplate that they shall leave the United States, especially as it is felt that with the practical field experience they will acquire in Porto Rico, under favorable climatic conditions, they will make good material to use both there and in Cuba in carrying out the government's reconstruction policies.

May Be Seriously Retarded.

Secretary Alger is apprehensive that the small warlike resources of Santiago will seriously retard the execution of the department's order for the speedy return to the United States of Shafter's army corps. With the Spanish steamers coming in to take away the surrendered army of General Toral, which must be first removed before it will be safe to withdraw the whole of the American force, it is going to be difficult to embark the latter without incurring danger of a severe congestion in the unhealthy town. General Shafter has been called upon by cable to describe the state of affairs, and he will be given all the help in the power of the war department, but still it is believed that the whole of Shafter's soldiers cannot be embarked before the first of September. Meanwhile the big hospital and camp at Montauk point is being rapidly put in readiness for their reception. As there is a doubt as to the ability of the transports to come alongside the wharf in Fort Point harbor, provision will be made for a number of light draft side-wheeled steamers, possibly New York ferryboats, to take the men ashore from the big steamers.

Troops Going to Santiago.

Savannah, Ga., Aug. 8.—The Third and Fifth regiments of United States volunteers arrived here yesterday and are in camp awaiting transports to take them to Santiago. The transport Rio Grande also arrived and took on board the baggage of the Fifth regiment, two battalions of which sailed at noon today.

COMPARATIVE

Export and Import Figures by the Bureau of Statistics.

Washington, Aug. 8.—A comparison of the figures made by the bureau of statistics covering the exports and imports of the various ports during the fiscal year with those of preceding years show that the Atlantic ports considered as an entire group retained, when compared with the preceding year, their normal proportion of the exports of the year, but lost slightly in imports, the total increase in exportation in these ports being 17.61 per cent, while the total increase in exportation from the entire country was 17.3 per cent; the total importations of the Atlantic ports, however, fell 21.4, while the total importations into the country decreased but 19.3 per cent.

The Gulf ports did not as a whole maintain the rate of increase which the country at large made in exports, their per centage of gain being but 8.6 per cent against an average of 17.3 per cent for the total; while their imports were still greater, being 29.9 per cent against an average of 19.3 per cent for the entire country. The Pacific ports made the most satisfactory record of any group, their gain in exports being 25.7 per cent while they actually gained in imports 16.3 per cent, while the total imports for the country were being decreased 19.3 per cent.

The northern border ports made the largest per cent of gain in exportations, their total for the year being 27.3 per cent greater than that of the preceding year, while in importations they lost 21.1 per cent.

DR. M'COOK.

Approves of the "Round Robin" Issued by Officers at Santiago.

Philadelphia, Aug. 8.—Rev. Dr. Henry C. McCook, chaplain of the Second regiment Pennsylvania volunteers, and one of the famous family of "Fighting McCooks," preached a sermon to his congregation yesterday in Tabernacle Presbyterian church, in which he touched on the condition of the army at Santiago, from which place he has just returned, having been sent there as special commissioner of the National Relief commission.

Of the "round robin" signed by the American generals calling for the removal of the army, he said: "So far as it relates to the sick and convalescent, it expresses precisely the feeling that I everywhere saw throughout that camp. There was the feeling that unless those men could be removed to the home land, results would be very bad indeed. So far I concur in that letter."

Man One Hundred Years Old Marries a Woman of Twenty.

Hopkinsville, Ky., Aug. 8.—Barlow Terry, one of the oldest citizens of this section, being near 100 years of age, and Miss Melissa U. Trotter, aged 20 years, were united in marriage at the home of the bride, in Lintrip's Precinct, Saturday afternoon. The groom is a wealthy planter of North Christian and, notwithstanding his age, he rode a distance of 23 miles into this city to obtain his license, and returned home, making 40 miles in a day, and feeling well as usual.

Only a Small Amount of Gold Dust.

San Francisco, Aug. 8.—The steamer Tillamook has arrived 175 days from St. Michael, Alaska, with 175 passengers. She is reported to have brought down only a small amount of gold from the Klondike.

Investigating an Anarchist Plot.

Madrid, Aug. 8.—El Epoca states that the police are investigating an anarchist plot against the life of a high political personage, which was to have been carried out tomorrow upon the occasion of the anniversary of the assassination of Senor Canovas del Castillo.

Her Time Had Not Expired.

St. Thomas, D. W. I., Aug. 8.—The Mayflower and Annapolis are here today. The New Orleans was off the port, but the neutrality laws forbid her entrance until the expiration of three months from the date of her last visit. She returned westward yesterday.

DESTROYED PLANS.

Of Fifty-Three Copies in the Kentucky Penitentiary.

Frankfort, Ky., Aug. 8.—Lewis Rector, sent up for horse stealing for 20 years from Laurel county, attempted to scale the walls of the penitentiary Saturday. Guard Abe Gann saw him and called on him to stop, but Rector kept climbing. Gann fired, the ball striking Rector in the hip, and he fell back into the yard. He was not well. Rector worked in the kitchen, and he says the whole kitchen force of 53 men had planned to escape before the new guards learned their duties. Gann destroyed their plans.

MONDAY, AUGUST 8, 1898.

The preparations for the street fair go on and everybody is ready to lend a helping hand.

In Porto Rico the stars and stripes are greeted with cheers from the colonists who have so long felt the Spanish yoke of oppression. It is liberty that these people want.

JOSEPH B. CHEADLE, who is without a party, since neither the democrats nor the populists of the Ninth district will claim him, must be experiencing some loneliness politically. His chances to break into congress are slim and growing slimmer every day.

THE manner in which peace negotiations are being conducted between the United States and Spain is attracting wide attention. The matter is being taken hold of in a business like way and the indications are that will soon be satisfactorily terminated. President McKinley has a thorough understanding and a firm grasp of the situation.

THE home institutions should always be given the preference by our own people. Loyalty to the business interests of your neighbors, who are loyal to your interests is nothing more than right. The more thoroughly you patronize the commercial and industrial interests of your own community, the more thoroughly do you show the spirit of Americanism, in which we all take so much pride.

A Load of Shot.

On Friday morning about 7 o'clock while Chris Traphagen and Charley Diener were hunting in the Deer Creek neighborhood, the latter received a load of shot from Traphagen's gun which came near ending his life. The attending physician, Dr. Hendershot found forty-seven shot in his face and shoulders. One penetrated the eye and he may lose his sight. While painful, the injuries are in no danger of terminating fatally.—Cannelton Enquirer.

Charley Diener is a brother of Mrs. Geo. F. Shaefer and of Mrs. Geo. Loertz and was here quite a while some four years ago, making his home with the former. He attended school at the Laurel street school while here. His brother, Fred and Walter Diener, just left here yesterday for home after a visit with relatives.

CHURCH NOTES.

Elder Thomas Jones addressed a large Odd Fellows' meeting at Oaktown Sunday afternoon and preached there to a large audience Sunday.

Rev. E. H. H. Tubbs, of the Baptist church at Brownstown, preached at Westport Sunday to a large audience.

Nurses For Chickamanga.

New York, Aug. 8.—Miss A. E. Maxwell, superintendent of the training school for nurses at the Presbyterian hospital, accompanied by 20 nurses has gone to Camp Thomas at Chickamanga. Six nurses were also sent to Old Point Comfort and a like number to Chattanooga.

Big Shipment of Coal.

Pittsburg, Aug. 8.—Two million bushels of coal was shipped to Louisville and Cincinnati yesterday by river, making nearly 8,000,000 in two days. This is the heaviest shipment in so short a time made from this port in years. The river is now falling and the barge stage is ended.

Humors of the Dublin Gallery.

The humor of the Dublin gallery has long been proverbial. Macready, in his "Reminiscences," relates that on one occasion when playing Orway's "Venice Preserved," Jaffier's long and rather drowsy dying speech was interrupted by one of the gallery, in a tone of great impudence, calling out very loudly, "Ah, now die at once!" to which another from the other side immediately replied, "Be quiet, you blackguard," then turning with a patronizing tone to the lingering Jaffier, "Take your time."—Cornhill Magazine.

The Russian Soldier.

The common soldier in Russia receives 3 rubles per annum—about \$2.25. The day rations consist of two pounds of suchary, which is a very coarse kind of bread made of cracked rye, baked hard at first, then cut into small pieces and further dried in a heated oven; a small quantity of salt and some soup.

Didn't Want Much.

Here is an advertisement from an old copy of an English provincial journal: "Wanted, for a sober family, a man of light weight, who fears the Lord and can drive a pair of horses. He must occasionally wait at table, join the household prayer, look after the horses and read a chapter of the Bible. He must, God willing, arise at 7 o'clock in the morning and obey his master and mistress in all lawful commands; if he can dress hair, sing psalms and play at cribbage, the more agreeable. Wages, 15 guineas a year."

Hospital For Trees.

There is a hospital for trees on the banks of the Seine in Paris. Trees which grow sick along the boulevards are taken here to recover.

The ur-heen, or Chinese violin, in shape resembles an ordinary hammer with its handle. It has two strings and is played with a bow.

And Once She Rallied at Clubs.

She sighed deeply as she picked up her engagement book and began idly turning over the leaves.

"I'm utterly worn out," she said, "and tomorrow afternoon our club meets too."

"Better resign," he returned.

"Oh, I couldn't do that if I want to be in the swim," she protested. "Besides I enjoy the club much more than I do the Whist club, and if I felt that I could resign from anything I would leave that—or the Shakespeare club. I do get awfully tired of Shakespeare sometimes."

"I should think you would," he answered.

"The Physical Culture club wears me at times too," she added. "I think it calls for a little too much exertion from one who has so much else to do, but it's all the rage now. Then there's the Cooking club, and the Literary club, and the Political Science club, and the Bicycle club, and the Dress Reform club, and the Dancing club, and the two charity associations, and the gymnasium class, and the Debating club, and the Sewing society. I'm beginning to think there are too many."

"On the contrary," he replied thoughtfully, "I think you need one more, and I would suggest a hickory club."

She didn't speak to him for half a day, but it is a matter of record that she resigned from several clubs.—Chicago Post.

About one month ago my child which is fifteen months old had an attack of diarrhoea accompanied by vomiting. I gave it such remedies as are usually given in such cases, but as nothing gave relief, we sent for a physician and it was under his care for a week. At this time the child had been sick for about ten days and was having about twenty-five operations of the bowels every twelve hours, and we were convinced that unless it soon obtained relief it would not live. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended, and I decided to try it. I soon noticed a change for the better; by its continued use a complete cure was brought about and it is now perfectly healthy.—C. L. Boggs, Stumpdown, Gilmer Co., W. Va. For sale by C. W. Milhous.

MONDAY, AUGUST 8, 1898.

The preparations for the street fair go on and everybody is ready to lend a helping hand.

In Porto Rico the stars and stripes are greeted with cheers from the colonists who have so long felt the Spanish yoke of oppression. It is liberty that these people want.

JOSEPH B. CHADLE, who is without a party, since neither the democrats nor the populists of the Ninth district will claim him, must be experiencing some loneliness politically. His chances to break into congress are slim and growing slimmer every day.

The manner in which peace negotiations are being conducted between the United States and Spain is attracting wide attention. The matter is being taken hold of in a business like way and the indications are that will soon be satisfactorily terminated. President McKinley has a thorough understanding and a firm grasp of the situation.

The home institutions should always be given the preference by our own people. Loyalty to the business interests of your neighbors, who are loyal to your interests is nothing more than right. The more thoroughly you patronize the commercial and industrial interests of your own community, the more thoroughly do you show the spirit of Americanism, in which we all take so much pride.

A Load of Shot.

On Friday morning about 7 o'clock while Chris Traphagen and Charley Diener were hunting in the Deer Creek neighborhood, the latter received a load of shot from Traphagen's gun which came near ending his life. The attending physician, Dr. Hendershot found forty-seven shot in his face and shoulders. One penetrated the eye and he may lose his sight. While painful, the injuries are in no danger of terminating fatally.—Cannelton Enquirer.

Charley Diener is a brother of Mrs. Geo. F. Shaefer and of Mrs. Geo. Loertz and was here quite a while some four years ago, making his home with the former. He attended school at the Laurel street school while here. His brother, Fred and Walter Diener, just left here yesterday for home after a visit with relatives.

Humors of the Dublin Gallery.

The humor of the Dublin gallery has long been proverbial. Macready, in his "Reminiscences," relates that on one occasion when playing Othello's "Venice Preserved," Jaffier's long and rather drowsy dying speech was interrupted by one of the gallery, in a tone of great impatience, calling out very loudly, "Ah, now die at once!" to which another from the other side immediately replied, "Be quiet, you blackguard," then turning with a patronizing tone to the lingering Jaffier, "Take your time."—Cornhill Magazine.

Didn't Want Much.

Here is an advertisement from an old copy of an English provincial journal: "Wanted, for a sober family, a man of light weight, who fears the Lord and can drive a pair of horses. He must occasionally wait at table, join the household prayer, look after the horses and read a chapter of the Bible. He must, God willing, arise at 7 o'clock in the morning and obey his master and mistress in all lawful commands; if he can dress hair, sing psalms and play at cribbage, the more agreeable. And Once She Railed at Clubs.

She sighed deeply as she picked up her engagement book and began idly turning over the leaves. "I'm utterly worn out," she said, "and tomorrow afternoon our Cincin club meets too." "Better resign," he returned. "Oh, I couldn't do that if I want to be in the swim," she protested. "Besides I enjoy the Cincin club more than I do the Whist club, and if I felt that I could resign from anything I would leave that—or at the Shakespeare club. I do get awfully tired of Shakespeare sometimes."

"I should think you would," he answered.

"The Physical Culture club worries me at times too," she added. "I think it calls for a little too much exertion from one who has so much else to do, but it's all the rage now. Then there's the Cooking club, and the Literary club, and the Political Science club, and the Bicycle club, and the Dress Reform club, and the Dancing club, and the two charity associations, and the gymnasium class, and the Debating club, and the Sewing society. I'm beginning to think there are too many."

"On the contrary," he replied thoughtfully, "I think you need more, and I would suggest a hickory club."

She didn't speak to him for half a day, but it is a matter of record that she resigned from several clubs.—Club-sage Post.

About one month ago my child which is fifteen months old had an attack of diarrhoea accompanied by vomiting. I gave it such remedies as are usually given in such cases, but as nothing gave relief, we sent for a physician and it was under his care for a week. At this time the child had been sick for about ten days and was having about twenty-five operations of the bowels every twelve hours, and we were convinced that unless it soon obtained relief it would not live. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended, and I decided to try it. I soon noticed a change for the better; by its continued use a complete cure was brought about and it is now perfectly healthy.—C. L. Boggs, Stump-town, Gilmer Co., W. Va. For sale by C. W. Milhous.

REPLY READY

SPAIN'S FORMAL ANSWER MAY COME TODAY

The Condition Imposed by President McKinley Said to be Accepted—Advance on San Juan—Report from Shafter's Army.

The Spanish Cabinet last night formally approved the text of the reply to the terms of peace proposed by the United States. The reply will be telegraphed to the Spanish Ambassador at Paris and by him forwarded to M. Cambon at Washington. M. Cambon will probably receive it to-day.

From the time consumed in the preparation of the note it may be of such length as to require considerable time for translation from the cipher. M. Cambon may be ready tonight to communicate with the President, but it is possible that he may not be ready until tomorrow.

On the best of authority it is said that the reply is a full acceptance of the condition imposed by President McKinley. The Spanish Government, it is said, is confident that the reply will be satisfactory to President McKinley and that there will be an immediate cessation of hostilities. So satisfied are the authorities at Washington that they are considering the step to be taken after peace shall have been declared and fulfillment of the terms entered upon.

Four columns of the American army are now advancing through Porto Rico toward San Juan, driving the Spanish forces ahead of them. Gen. Henry is proceeding direct to Arecibo. Gen. Schawn is moving by another route. Gen. Wilson is proceeding along the main military road. Gen. Brooke is proceeding from Guayama toward Cayey where the Guis also reach the main military road. The navy is preparing to shift its base to the north side of the island to be ready to cooperate in the attack on San Juan.

Maj General Schafter reports 431 new cases of fever in his army on Saturday, and 477 returned to duty. There are now 3,681 on the hospital list, of whom 2,638 have fever. He reports for two days ten deaths, seven being from various forms of fever.

The first volunteers cavalry and the First United States cavalry embarked on transports at Santiago yesterday.

and will be conveyed directly to Mon- auk Point L. I. It is feared that the limited wharfage facilities at Santiago will be unequal to the speedy embarkation of the American troops.

According to a close personal friend of President McKinley the president expects the permanent possession of Manila and the island of Luzon by the United States to be one of the fruits of the war. He is said, on similar authority, to expect the Cuban question to resolve itself into a protectorate, with a view to ultimate annexation.

Attention, Republicans. There will be a meeting of republicans at Armory Hall tonight at 8 o'clock. Business of importance. Let there be a large attendance.

No Concert Tonight. The band boys will not give their usual concert to-night for the reason that several of the members of the band are sick and some absent from the city.

A Narrow Escape. Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in Consumption. Four Doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, I determined if I could not stay with my friends on earth, I could meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs, and Colds. I gave it a trial, took in all eight bottles. It has cured me and thank God I am saved and now a well and healthy." Trial bottles at W. F. Peters Drug Store Regular size 50c and \$1.00 Guaranteed or price refunded.

DIED.

Mrs. John Lamb, an exemplary christian lady, dropped dead at 9 o'clock Sunday forenoon August 7, 1898 with heart trouble aged fifty-five years. While preparing dinner she stepped out into the yard to the well to get some water, when she fell in an unconscious state. Death came a few minutes later. She was a member of the M. E. church and died as she had lived without an enemy. A husband, seven sons and one daughter survive who have the tender sympathy of a large circle of friends.

C. Guthrie, B. & O. S. W. operator at Meurs, died Sunday night August 7, 1898, with typho-malarial fever after a serious sickness, aged about thirty-five years. An infant child or Conrad Engleking of Reddington, died Sunday August 7, with whooping cough.

Antebellum Remedies, tamps Won't Save Them

A recent Washington City dispatch from J. C. Ayer & Co., of Lowell, Mass., we written to Washington, stating that a number of their agents have been on hand still bearing the revenue stamps attached during the civil war. They asked if such goods would be restamped under the new revenue law. The department has declined in the affirmative. The civil war was ended over 33 years ago. These goods have been on the market for a long while! And "there others!"

Would not the consumer fare better he would go to his druggist and have a medicine prepared as they are needed, instead of buying those prepared 33 years in advance.

REPLY READY

SPAIN'S FORMAL ANSWER MAY COME TODAY

The Condition Imposed by President McKinley Said to be Accepted—Advance on San Juan—Report from Shafter's Army.

The Spanish Cabinet last night formally approved the text of the reply to the terms of peace proposed by the United States. The reply will be telegraphed to the Spanish Ambassador at Paris and by him forwarded to M. Cambon at Washington. M. Cambon will probably receive it to-day.

From the time consumed in the preparation of the note it may be of such length as to require considerable time for translation from the cipher. M. Cambon may be ready tonight to communicate with the President, but it is possible that he may not be ready until tomorrow.

On the best of authority it is said that the reply is a full acceptance of the condition imposed by President McKinley. The Spanish Government, it is said, is confident that the reply will be satisfactory to President McKinley and that there will be an immediate cessation of hostilities. So satisfied are the authorities at Washington that they are considering the step to be taken after peace shall have been declared and fulfillment of the terms entered upon.

Four columns of the American army are now advancing through Porto Rico toward San Juan, driving the Spanish forces ahead of them. Gen. Henry is proceeding direct to Arecibo. Gen. Schawn is moving by another route. Gen. Wilson is proceeding along the main military road. Gen. Brooke is proceeding from Guayama toward Cayey where he will also reach the main military road. The navy is preparing to shift its base to the north side of the island to be ready to cooperate in the attack on San Juan.

Maj General Schafter reports 431 new cases of fever in his army on Saturday, and 477 returned to duty. There are now 3,681 on the hospital list, of whom 2,638 have fever. He reports for two days ten deaths, seven being from various forms of fever.

and will be conveyed directly to Mon-auk Point L. I. It is feared that the limited wharfage facilities at Santiago will be unequal to the speedy embarkation of the American troops.

According to a close personal friend of President McKinley the president expects the permanent possession of Manila and the island of Luzon by the United States to be one of the fruits of the war. He is said, on similar authority, to expect the Cuban question to resolve itself into a protectorate, with a view to ultimate annexation.

Attention, Republicans.

There will be a meeting of republicans at Armory Hall tonight at 8 o'clock. Business of importance. Let there be a large attendance.

No Concert Tonight.

The band boys will not give their usual concert to-night for the reason that several of the members of the band are sick and some absent from the city.

A Narrow Escape.

Thankful words written by Mrs. Aus E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in Consumption. Four Doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, I determined if I could meet with my friends on earth, I could meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs, and Colds. I gave it a trial, took in all eight bottles. It has cured me and thank God I am saved and now a well and healthy." Trial bottles at W. F. Peters Drug Store Regular size 50c and \$1.00 Guaranteed or price refunded.

DIED.

Mrs. John Lamb, an exemplary christian lady, dropped dead at 9 o'clock Sunday forenoon August 7, 1898 with heart trouble aged fifty-five years. While preparing dinner she stepped out into the yard to the well to get some water, when she fell in an unconscious state. Death came a few minutes later. She was a member of the M. E. church and died as she had lived without an enemy. A husband, seven sons and one daughter survive who have the tender sympathy of a large circle of friends.

C. Guthrie, B. & O. S. W. operator at Meadors, died Sunday night August 7, 1898, with typho-malarial fever after a serious sickness, aged about thirty-five years.

An infant child of Conrad Engleking of Reddington, died Sunday August 7, with whooping cough.

INDIANA'S PEACH CROP

Burned Her Strawtick and With It Her Money—Annual Reunion of the Seventh Indiana—Caught Thief of a Live Wire. Laporte Citizens Celebrate Over Peace News.

Washington, Aug. 8.—An order has been issued by Adjutant General Corbin for the One Hundred and Sixty-first Indiana United States volunteer infantry now at Camp Mount, Indianapolis, to proceed at once to Jacksonville, Fla., for duty with the Seventh army corps.

LIKE SHOOTING SQUIRRELS.

Was the Killing of Spaniards at Santiago Says an Indiana Boy.

Kokomo, Ind., Aug. 8.—L. J. Whitaker of this county, a member of the Sixteenth United States regulars, who was wounded in the fight at Santiago, has written the following letter to a friend:

My regiment was all through the fight. We had 55 wounded and I was one of them. I was hit in the ribs, but it never stopped me from duty. They wanted me to go to the hospital, but I would not go. Some of the boys who were hit in the arm let the surgeons monkey with them, with the result that blood poison set in and the arms were cut off. I concluded to take my chances outside and my wounds are healing nicely. This kind of life just suits me. Shooting Spaniards is just like shooting squirrels and fully as much fun. We shot them like dogs, and the sharpshooters, who were up in the trees, we shot like squirrels. But they are fighters, too. In fact, regular devils to fight. Santiago is a beautiful place of 20,000 inhabitants. I am good for a whole lot of fighting yet.

SCALE MEETING.

Committees of the Window Glass Workers and Manufacturers Meet.

Anderson, Ind., Aug. 8.—A meeting of the window glass manufacturers' and workers' national wage committee has been called for Pittsburgh Thursday. The wage agreement was bridged at Put-in-Bay 10 days ago, and it is thought at the coming session the question of season will be settled and contracts for the season being reduced from 10 to seven months. The workers are willing to drop to nine.

Annual Reunion of the Seventieth.

Indianapolis, Aug. 8.—The annual reunion of the Seventieth Indiana regiment will occur at Bethany Park Thursday and Friday nights of this week. Judge George W. Grubbs of Martinsville, will preside at the campfire Thursday night. General Harrison, former colonel of the regiment, will not be present at the reunion, owing to his absence from the state.

Happy Over Peace News.

Laporte, Ind., Aug. 8.—The news that Spain had accepted the peace terms of the United States caused the citizens of this place to go wild with joy Saturday afternoon. The steam whistles, bells and horns in the town were turned loose and demonstrations were continued until late in the night with bands, display of fireworks and marching of people in procession.

Indiana Peaches.

Madison, Ind., Aug. 8.—Buyers from 12 different states are here to purchase Indiana peaches. It is estimated that 600 carloads will be shipped from here in the next four weeks. The peach yield in this region is large, much more so than was anticipated, while in other states there is a general failure, and the ruling price is \$1 a bushel.

Caught a Live Wire.

Fort Wayne, Aug. 8.—Nicholas Anderson, a Western Union line repairer, was instantly killed Saturday while on top of a pole changing wires. By mistake he caught an electric live wire. He fell to the ground, but was dead before reaching it. He has no relatives in this country, having recently come from Denmark.

Burned Her Money.

Elwood, Ind., Aug. 8.—Mrs. Anna Ooten, fearful lest burglars should pay her house a visit, placed \$95 of her hard earned money in a bed tick for safe keeping. Saturday she emptied the straw from the tick and burned it. She forgot all about the money. It was paper money and was consumed.

Life Despaired Of.

Greencastle, Ind., Aug. 8.—Chaplain Weaver of the One Hundred and Fifty-ninth, returned here from Camp Alger, is still very low with typhoid fever at his home in this city. He has grown worse each day since his return from camp and his life is now despaired of.

Evansville Tribune.

Evansville, Ind., Aug. 8.—Yesterday morning The Tribune of this city was issued for the last time. The Journal company purchased the plant of The Tribune last Saturday.

Not Expected to Live.

Centerton, Ind., Aug. 8.—Samuel Parker, who was wounded at the battle of Santiago, arrived home Saturday night. The wounded man is not expected to live.

GOLD FILLED TEETH.

More of the Metal Goes Into Them Than Can Be Got Out.

An example of some of the queer experiences people have when they are called upon to buy a thing with which they are not familiar and which they have need of only on rare and unusual occasions is thus set forth by the Milwaukee Sentinel:

A young woman who worked as a domestic went to a dentist to get her teeth repaired. He repaired them and sent a bill of \$85. He justified himself for the charges by explaining how much the fixings cost him. In one hollow tooth, he said, he put \$10 worth of gold. The bill was paid, and recently, when the little nugget (said to be worth \$10) came out, the woman took it to a goldsmith and had it appraised. He weighed it scrupulously and valued it at 48 cents. She no longer has faith in her dentist.

It seems to be always good taste to "go shopping" among the dentists before laying any considerable amount of work done. There is considerable haggling about the business in some quarters. The public is told that \$15 is a fair price for a crown and stands ready to pay it, on the ground that the good work deserves good pay. A few blocks away the same work was done last week for \$5, just as well as if \$15 had been paid, and it was done by a reputable dentist. One dentist figured on \$85 for six teeth, and another 200 yards away performed the service for \$30.—Philadelphia Times.

The First Chinese Baby Show.

The first Chinese baby show in the world has just been held here. There were 240 of them. From embroidered slipper to shaven poll they were arrayed in their best. They were satin blossoms that shone in the sun with a silvery shimmer. They wore embroideries of wonderful birds and bees and flowers never seen on land or sea. The little boys were shaven, and the little girls had their hair clipped and polished and dressed as though for the grandest function, with little birdcages and fringes of beads and paper atop. There were great tinklings of metal and much shining of green jade. A new fashion in infant headgear showed a halo of stiff pompons that rose above the infants' somber eyes. Others wore huge rosettes of silk on each temple, like a joss, and one little girl had a mane of black silk one string hanging down from the back of her head. Even the baby complexion had been looked after. On the smooth, yellow cheeks appeared the most lovely patch of pink rouge, put on quite frankly in the Chinese fashion. The rosy cheeks were touched up, and the narrow brows beautifully penciled.—Pensac Gazette.

A REPRESENTATIVE PIRATE.

Captain Kidd Was Utterly Without Any Sense of Honor.

It is said that Kidd showed no repentance when he was tried, but insisted that he was the victim of malicious persons who swore falsely against him, and yet a more thoroughly dishonest rascal never sailed under the black flag.

In the guise of an accredited officer of the government he committed the crimes he was sent out to suppress. He deceived his men. He robbed and misused his fellow countrymen and his friends, and he even descended to the meanness of cheating and despoiling the natives of the West India Islands with whom he traded. These people were in the habit of supplying pirates with food and other necessities, and they always found their rough customers entirely honest and willing to pay for what they received, for as the pirates made a practice of stopping at certain points for supplies they wished of course to be on good terms with those who furnished them. But Kidd had no ideas of honor toward people of high or low degree. He would trade with the natives as if he intended to treat them fairly and pay for all he got, but when the time came for him to depart and he was ready to weigh anchor he would seize all the commodities he could lay his hands on and without paying a copper to the distressed and indignant Indians he would sail away, his black flag flaunting derisively in the wind.

But although in reality Captain Kidd was no hero, he has been known for a century and more as the great American pirate, and his name has been representative of piracy ever since. Years after he had been hung, when people heard that a vessel with a black flag—or one which looked black in the distance—flying from its rigging had been seen, they forgot that the famous pirate was dead and imagined that Captain Kidd was visiting their part of the coast in order that he might find a good place to bury some treasure which it was no longer safe for him to carry about.—Frank R. Stockton in Century.

RARE OLD DISHES.

Fried Grasshoppers and Scorpions Delicacies of the Arabs Long Ago.

An erudite Egyptian writes in The Revue des Revues of the diet of the ancient Arabs. Dog meat, it appears, was one of their favorite dishes, and young dogs were as precious in old times among the Arabs as spring chickens are among the people of today. They were also fond of cat meat. The flesh of a black cat had the virtues of curing them of the effects of a hoodoo and the evil eye.

Fried grasshoppers and scorpions also formed a very choice dish. The naturalist, Al-Djehiz, who lived in the tenth century, speaks of his visit to the Arabian tribes of Bassorah and of his surprise on discovering that they did not eat grasshoppers. "Nevertheless," says he, "there is nothing more delicious." He also says that when he went to see his friend, the poet Roubah, he found him seated on the ground enjoying a repast of roast rat. Afterward he had fried lizards.

Notwithstanding the almost religious worship which the Arabs profess for the horse, they ate horseflesh, but only the flesh of draft horses, never that of saddle horses. They ate all sorts of mollusks and insects. The Arabs were also very fond of black snakes, and they hunted them at the time when the reptiles were about to change their skins, the flesh in that season being extremely tender.

Why He Didn't Finish.

Fred Buckirk was born at Portsmouth, O., and lived there until he was a young man. Fred naturally thinks Portsmouth is one of the nicest places in the state of Ohio. Fred said: "Everybody evidently doesn't think as well of Portsmouth as I do."

"Not long ago I went over the Chesapeake and Ohio road and when the train reached South Portsmouth, which is across the river from my native place, quite a long stop was made. Most of the male passengers got off the train and walked up and down the platform. It was after dark, and the many lights of Portsmouth were plainly visible. I stood looking across the river at the city, thinking what a fine place Portsmouth was, when a fellow passenger on the train came alongside of me and said, 'Can you tell me what place that is across the river?' Of course I could tell him, and I threw out my chest and with considerable pride said: 'That is Portsmouth, O. Have you ever been there?' My fellow traveler in a very weary voice, replied: 'Yes, I have been there. I spent about two weeks there one afternoon. I had intended telling that man about what a charming place Portsmouth is, but after his rudeness I concluded not to.'—Cincinnati Enquirer.

His honor the magistrate is about the only honor to be found among thieves.—Chicago News.

LIKE SHOOTING SQUIRRELS.

Was the Killing of Spaniards at Santiago Says an Indiana Boy.

Kokomo, Ind., Aug. 8.—L. J. Whitcomb of this county, a member of the Sixteenth United States regulars, who was wounded in the fight at Santiago, has written the following letter to a friend:

My regiment was all through the fight. We had 85 wounded and I was one of them. I was hit in the ribs, but it never stopped me from duty. They wanted me to go to the hospital, but I would not go.

Some of the boys who were hit in the arm let the surgeons monkey with them, and the result that blood poison set in and the arms were cut off. I concluded to take my chances outside and my wounds are healing nicely. This kind of life just suits me. Shooting Spaniards is just like shooting squirrels and fully as much fun.

We shot them like dogs, and the sharpshooters, who were up in the trees, we shoot like squirrels. But they are fighters, too. In fact, regular devil to fight.

Santiago is a beautiful place of 20,000 inhabitants. I am good for a whole lot of fighting yet.

QUEEN REGENT

Approves of the General Lines of Spain's Reply to Peace Terms.

SAGASTA EXPLAINED

The Answer to Her Which He Believes Will Be Accepted.

MONSIGNOR MERRY DEL VAL

Will Be Selected as a Peace Commissioner.

The Reply Was Telegraphed Señor Castillo Last Night and Is Expected to Reach the White House Tomorrow. McKinley's Position on the Philippines Not Satisfactory to the Dons—Report That the American Army Has Captured Guayama, Porto Rico, After a Stubborn Resistance by Spanish—General Advance Toward San Juan Is Being Made—Rough Riders Returning Home From Cuba.

Madrid, Aug. 8.—Last night at 12:30 Sagasta, the premier, concluded his conference with the queen regent. Her majesty approved the general lines of the reply of Spain to America's peace terms, which Señor Sagasta explained to her. The government believes that the United States will accept Spain's answer, which will certainly reach the white house by Tuesday. As a consequence of the United States accepting the reply, hostilities will immediately afterward be suspended.

As the reply to the American terms was only submitted to the queen regent last night, all the reports of her approval Saturday of the American demands are necessarily without foundation.

From a well informed source it is learned that while the answer does not discuss the four bases which the United States makes an essential preliminary to peace, and which Spain accepts without reservation, it points out that in order to avoid the definitive negotiations being in any way complicated by incidents of the war, it is expedient to agree before hand to a suspension of hostilities.

It is reported that Duke Almodovar de Rio, the minister of foreign affairs, and Monsignor Merry del Val, Spanish ambassador to the Vatican, will be selected to represent Spain in the negotiations. The newspapers made no comments on the situation owing to the strictness of the censorship.

The reply was telegraphed to Señor Leon y Castillo, the Spanish ambassador to France, last night, so that M. Cambon, the French ambassador at Washington, will receive it today.

It is sad and disappointing for a father to rear a son, spend hard-earned money for his education, work to insure him an advantageous start in life, and build castles in the air about the boy's future, only to have him killed off in the early years of manhood by the dread disease consumption.

Until recent years consumption was considered an incurable disease. Now it is known to tens of thousands that Doctor Pierce's Golden Medical Discovery cures 95 per cent. of all cases if taken in the early stages of the disease. It also cures bronchitis, laryngitis, throat and nasal troubles, and all allied diseases of the air-passages. It is the best blood-maker and flesh-builder, the best general tonic and nerve restorative. It gives a keen edge to the appetite, corrects the impaired digestion, promotes the flow of digestive juices, facilitates the production of chyle in the lower stomach, or intestines, invigorates the liver and purifies and enriches the blood. It strengthens the heart's action, promotes the circulation of the blood to every part of the body and deepens the breathing, thus supplying the blood with vitalizing oxygen. Thousands have testified to its merits. The dealer who offers something else as "just as good" is dishonest.

I never was very strong and then I had La Grippe," writes Mrs. Grace G. Smith, of 150 12th St., Salem, Oregon. "I had a cough and felt that the time had come when I must try Dr. Pierce's Favorite Prescription and two of 'Golden Medical Discovery' and two visits of 'Pleasant Pellets.' I have better health now than for many years."

Twenty-one one-cent stamps cover the mailing of a paper-covered copy of Doctor Pierce's Common Sense Medical Adviser. Cloth-bound, 31 stamps. Send to Dr. R. V. Pierce, Buffalo, N. Y.

The government is fully convinced that the note will be satisfactory to the Washington government and that a suspension of hostilities will be its immediate consequence.

Another report says: "According to the most reliable sources of information the Spanish note is couched in dignified language. It asserts that Spain bows to the force of circumstances, having done nothing to provoke the war, into which she has been unwillingly led in the defence of her rights and territory. 'It expresses a willingness to appoint delegates to meet the American com-

CHICKAMAUGA.

New Sanitary Regulations to Be Put In Force.

Chickamauga Park, Ga., Aug. 8.—Aside from some important plans which are being formulated at Camp Thomas with reference to the health and comfort of the troops yesterday was a day of quiet and rest.

The sanitary condition of the regimental camps is the one absorbing matter at the park now. Definite plans are being formulated, after which the management of the camp will be under very rigid regulations as to the disposition of garbage and refuse matter and the preparation and serving of food. All drinking water will be boiled. Another condition it is hoped to bring about as early as possible is that of having the tents of all the men provided with board floors.

With the still further purpose of adding to the health conditions, practice marches are being arranged for. Tomorrow the engineer officers of all the divisions will go out to locate the most practical routes for these marches, and the regiments will be sent out later by brigades in heavy marching order for a 4-days' absence from the park. The march will cover about 60 miles going and coming and the men will occupy shelter tents at night.

ROUGH RIDERS.

They and the First Regular Cavalry Sail For Home.

Santiago de Cuba, Aug. 8.—The First regular cavalry and the First volunteer cavalry, "rough riders," sailed yesterday on the transports Miami and Matetan. Five of the rough riders were left in the hospital here.

The rough riders came to town by rail from their camp yesterday afternoon. At the station they fell into line, each company being preceded by a red and white banner bearing the number of the regiment and the company letter.

Colonel Roosevelt rode at the head of the regiment as it marched down the Alameda skirting the water front to the dock where the Miami was moored. All the men looked worn out. They presented a picturesque appearance. Some wore new khaki uniforms, while others were attired in heavy blue flannel shirts with their old equipment. All expressed regret at leaving their five companions behind, but were wild with joy at the prospect of so soon returning home. The work of embarkation was very easy and was quickly performed. The men are ready and eager to return for the Havana campaign in the fall.

NOT SATISFACTORY.

M. McKinley's Reply Regarding the Philippines Did Not Suit Spain.

London, Aug. 8.—The Madrid correspondent of The Times says: "All the best authorities agree that the government has decided to accept the American conditions. The American reply to Spain's request for explanations reached Madrid Friday evening. The text has not been divulged, but it is known that it brought little consolation. 'President McKinley turned a deaf ear to the suggestion that Porto Rico might be left to Spain and compensation sought elsewhere. Regarding the Philippines, the reply was not altogether satisfactory, but it was of such a nature that there was no longer any necessity for postponing a decision on the main question.'

GENERAL ADVANCE

Commenced by the American Army in Porto Rico.

Ponce, Porto Rico, Aug. 8, via St. Thomas, D. W. I.—A general advance of the American force began yesterday. The remainder of General Ernst's brigade, constituting the advance center, supported by two batteries, moved out and a part of the Eleventh infantry of General Henry's division started to the left toward Adjuntas. Troop A of New York, the Philadelphia city troop and troop H of the Sixth regulars are conveying General Brooke's transportation column along the coast road through Salinas to Arroyo.

Wire communication with General Brooke, on the right, has not yet been established.

Colonel Rice of General Miles' staff will probably be assigned to the command of the Sixth Massachusetts.

GUAYAMA CAPTURED.

Spaniards Forced to Withdraw After a Brave Defense.

Madrid, Aug. 8.—An official dispatch from Porto Rico says the Americans Saturday seized the customhouse in the village of Fajardo, which place was without a garrison. An American column, the dispatch also says, supported by artillery, advanced on Guayama. The Spaniards made a brave defense, but were forced to withdraw to Alturas. Seventeen of the Spaniards were killed.

NEW SOLUTION.

For Payment of the Cuban Debt Evolved by El Imparcial.

London, Aug. 8.—A special dispatch from Madrid says: "El Imparcial proposes a new solution for the settlement of the Cuban debt. It takes it for granted that the United States cannot be asked to assume the burden of about 32,000,000 pounds (\$100,000,000) of debt existing when the rebellion began in 1895 and the 90,000,000 pounds (\$450,000,000) spent since, and it suggests that Spain should undertake to pay interest and redemption on the Cuban debt until the new West Indian republic is in a position to do so, which El Imparcial affects to believe Cuba could soon do, when its vast natural resources were developed under an American protectorate."

VISITED CAMP ALGER.

Secretary of War Goes On a Tour of Inspection.

Washington, Aug. 8.—Secretary Alger visited Fort Meyer yesterday afternoon with a view of ascertaining personally whether everything possible was being done for the soldiers of Camp Alger, who are in the hospital at the fort. He found the sick men as comfortable as could be expected in the circumstances. Each one had a good bed, which is kept immaculately clean and fresh, and all are receiving excellent medical attention and nursing. At present there are about 375 men in the hospital. Some of them are very seriously ill and a few are not expected to recover. Thus far, the fatalities among the troops at Camp Alger have numbered 39. This is not considered a great loss in an army of nearly 30,000 men, during the three months the men have been in the service.

DIDN'T MAKE THE STATEMENT.

Washington, Aug. 8.—Secretary Long yesterday made public a letter from Admiral Sampson calling attention to the report published that Commodore Schley had said he had been in favor from the first of entering the mined harbor of Santiago and bombarding the city. The letter quotes Schley as denying the statement. There is also a letter from the Associated Press, through whose channels the report was made public, denying that Schley had used the language attributed to him.

WAITING FOR ORDERS.

Playa del Este, Guantanamo Bay, Aug. 8.—The fleet is still here intact awaiting word from Washington. The collier Lebanon, towing a coal steamer, arrived yesterday. The schooner Admiral Sampson, with provisions for sale, also arrived. Both schooners are from Key West. The converted yacht Vixen has been sent to Santiago to get the registered mail held there for the fleet.

NO DECISION REACHED.

Paris, Aug. 8.—The Madrid correspondent of The Times says: "The cabinet council yesterday discussed the question of assembling the cortes, but no decision was reached, as the ministers desire to ascertain if the United States considers the approval of parliament necessary to the definite signing of the treaty of peace."

TO PRISON FOR LIFE

Verdict in the Baker-White Murder Case.

Barboursville, Ky., Aug. 8.—The jury in the Baker case, for the murder of Sheriff Will White, gave in a verdict Saturday of life imprisonment. A new trial will be asked for by the lawyers for the defense. They claim good grounds for a new trial.

TROOPS GOING TO SANTIAGO.

Savannah, Ga., Aug. 8.—The Third and Fifth regiments of United States volunteers arrived here yesterday and are in camp awaiting transports to take them to Santiago. The transport Rio Grande also arrived and took on board the baggage of the Fifth regiment, two battalions of which sailed at noon today.

END TO THE WAR

Has Come Is the Conviction In Official Circles at Washington.

NO MATERIAL CHANGES

In Peace Conditions Will Be Allowed by the President.

SPAIN HAS TO PAY

The Debts of Cuba and Porto Rico, as the United States Will Not Assume Them—General Wade's Reinforcements For Miles Going Forward—Moving of Shafter's Troops From Santiago May Not Be Accomplished Before September.

Washington, Aug. 8.—Although as yet without official confirmation of the report from Paris that the Spanish government has decided to accept the terms laid down by the United States as essential to the negotiation of a treaty of peace, the officials here are proceeding under the conviction that the end has come and are giving attention to the steps to be taken next. In view of the delay in coming to this conclusion, the idea was beginning to prevail that the Spanish government was about to enter a plea in abatement, and that the answer would again be inconclusive. In this case the president was disposed to deal firmly with the issue; to give notice that our proposals were withdrawn and to let it be understood that when Spain again sued for peace the conditions would be more severe than those first laid down. If the Spanish answer should embody an effort to secure any material change in the conditions it will meet with prompt rejection.

CUBAN AND PORTO RICO DEBTS.

Some reference has been made in the dispatches of British newspapers to a desire on the part of the Spanish government to include in the preliminary agreement a clause exempting it from liability for the Cuban debt. The formal statement of the points of the United States note given out from the white house made no reference to this subject and it cannot be known as yet whether or not the full text shows anything more. But presuming that no reference whatever is made to the Cuban debt it is possible the subject may be regarded as one that should be treated by the peace commissioners who are to meet later to frame the treaty which, of course, will embody many details that are left untouched in the main proposition though cabinet officers have authorized the statement that no part of the Cuban or Porto Rican debts would be assumed by the United States.

GENERAL WADE'S REINFORCEMENTS.

General Wade's reinforcements for General Miles are going forward regardless of the progress of peace negotiations. The agreement to negotiate a treaty of peace does not necessarily carry with it a cessation of hostilities. In the case of the Mexican war it was a month after the peace negotiations began before hostilities were declared to be closed, and if it is desirable, these reinforcements may be intercepted and returned to the United States after they sail. The present plans of Secretary Alger all contemplate that they shall leave the United States, especially as it is felt that with the practical field experience they will acquire in Porto Rico, under favorable climatic conditions, they will make good material to use both there and in Cuba in carrying out the government's reconstruction policies.

MAY BE SERIOUSLY RETARDED.

Secretary Alger is apprehensive that the small warlike resources of Santiago will seriously retard the execution of the department's order for the speedy return to the United States of Shafter's army corps. With the Spanish steamers coming in to take away the surrendered army of General Toral, which must be first removed before it will be safe to withdraw the whole of the American force, it is going to be difficult to embark the latter without incurring danger of a severe congestion in the unhealthy town. General Shafter has been called upon by cable to describe the state of affairs, and he will be given all the help in the power of the war department, but still it is believed that the whole of Shafter's soldiers cannot be embarked before the first of September. Meanwhile the big hospital and camp at Montank point is being rapidly put in readiness for their reception. As there is a doubt as to the ability of the transports to come alongside the wharf in Fort Pond harbor, provision will be made for a number of light draft side-wheel steamers, possibly New York ferryboats, to take the men ashore from the big steamers.

MONDAY, AUGUST 8, 1898.

The preparations for the street fair go on and everybody is ready to lend a helping hand.

In Porto Rico the stars and stripes are greeted with cheers from the colonists who have so long felt the Spanish yoke of oppression. It is liberty that these people want.

JOSEPH B. CHADLER, who is without a party, since neither the democrats nor the populists of the Ninth district will claim him, must be experiencing some lonesomeness politically. His chances to break into congress are slim and growing dimmer every day.

The manner in which peace negotiations are being conducted between the United States and Spain is attracting wide attention. The matter is being taken hold of in a business like way and the indications are that it will soon be satisfactorily terminated. President McKinley has a thorough understanding and a firm grasp of the situation.

The home institutions should always be given the preference by our own people. Loyalty to the business interests of your neighbors, who are loyal to your interests is nothing more than right. The more thoroughly you patronize the commercial and industrial interests of your own community, the more thoroughly do you show the spirit of Americanism, in which we all take so much pride.

A Load of Shot.

On Friday morning about 7 o'clock while Chris Traphagen and Charley Diener were hunting in the Deer Creek neighborhood, the latter received a load of shot from Traphagen's gun which came near ending his life. The attending physician, Dr. Hendershot found forty-seven shot in his face and shoulders. One penetrated the eye and he may lose his sight. While painful, the injuries are in no danger of terminating fatally.—Cannelton Enquirer.

Charley Diener is a brother of Mrs. Geo. F. Shaefer and of Mrs. Geo. Loertz and was here quite a while some four years ago, making his home with the former. He attended school at the Laurel street school while here. His brother, Fred and Walter Diener, just left here yesterday for home after a visit with relatives.

RAILROAD RUMBLINGS

W. E. Hubball, of the Pan Handle, and wife were in the city Sunday. They went to Orange county.

The fact that the gross earning of the Baltimore & Ohio Railroad from the operations of the roads for the fiscal year ending June 30th 1898, reached the splendid sum of \$27,642,432, an increase of \$2,060,310 over the similar period of 1897, has created considerable favorable comment in financial circles.

Pittsburg, Aug. 8.—Two million bushels of coal was shipped to Louisville and Cincinnati yesterday by river, making nearly 8,000,000 in two days. This is the heaviest shipment in so short a time made from this port in years. The river is now falling and the barge stage is ended.

Humors of the Dublin Gallery.

The humor of the Dublin gallery has long been proverbial. Macready, in his "Reminiscences," relates that on one occasion when playing Othello's "Venice Preserved," Jaffier's long and rather drowsy dying speech was interrupted by one of the gallery, in a tone of great impudence, calling out very loudly, "Ah, now die at once!" to which another from the other side immediately replied, "Be quiet, you blackguard," then turning with a patronizing tone to the lingering Jaffier, "Take your time."—Cornhill Magazine.

The Russian Soldier.

The common soldier in Russia receives 3 rubles per annum—about \$2.25. The day rations consist of two pounds of sugar, which is a very coarse kind of bread made of cracked rye, baked hard at first, then cut into small pieces and further dried in a heated oven; a small quantity of salt and some soup.

Didn't Want Much.

Here is an advertisement from an old copy of an English provincial journal:

"Wanted, for a sober family, a man of light weight, who fears the Lord and can drive a pair of horses. He must occasionally wait at table, join the household prayer, look after the horses and read a chapter of the Bible. He must, God willing, arise at 7 o'clock in the morning and obey his master and mistress in all lawful commands; if he can dress hair, sing psalms and play at cribbage, the more agreeable. Wages, 15 guineas a year."

Hospital For Trees.

There is a hospital for trees on the banks of the Seine in Paris. Trees which grow sick along the boulevards are taken here to recover.

And Once She Rallied at Clubs.

She sighed deeply as she picked up her engagement book and began idly turning over the leaves.

"I'm utterly worn out," she said, "and tomorrow afternoon our Cinch club meets too."

"Better resign," he returned.

"Oh, I couldn't do that if I want to be in the swim," she protested. "Besides I enjoy the Cinch club more than I do the Whist club, and if I felt that I could resign from anything I would leave that—or the Shakespeare club. I do get awfully tired of Shakespeare sometimes."

"I should think you would," he answered.

"The Physical Culture club wearied me at times too," she added. "I think it calls for a little too much exertion from one who has so much else to do, but it's all the rage now. Then there's the Cooking club, the Literary club, and the Political Science club, and the Bicycle club, and the Dress Reform club, and the Dancing club, and the two charity associations, and the gymnasium class, and the Debating club, and the Sewing society. I'm beginning to think there are too many."

"On the contrary," he replied thoughtfully, "I think you need one more, and I would suggest a hickory club."

About one month ago my child which is fifteen months old had an attack of diarrhoea accompanied by vomiting. I gave it such remedies as are usually given in such cases, but as nothing gave relief, we sent for a physician and it was under his care for a week. At this time the child had been sick for about ten days and was having about twenty-five operations of the bowels every twelve hours, and we were convinced that unless it soon obtained relief it would not live. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended, and I decided to try it. I soon noticed a change for the better; by its continued use a complete cure was brought about and it is now perfectly healthy.—C. L. Boggs, Stumpstown, Gilmer Co., W. Va. For sale by C. W. Milhous.

1898. Antebellum Remedies, tamps Won't Save Them

A recent Washington City dispatch from J. C. Ayer & Co., of Lowell, Mass., we written to Washington, stating at a number of their agents have ods on hand still bearing the revenue mps attached issued during the civil r. They asked if such goods would e to be restamped under the new venue law. The department has de- led in the affirmative. The civil war was ended over 33 years o. These goods have been on the ket for a long while! And "there others!" Would not the consumer fare better he would go to his druggist and have a medicine prepared as they are ed, instead of buying those pre- red 33 years in advance.

REPLY READY

SPAIN'S FORMAL ANSWER MAY COME TODAY

The Condition Imposed by President McKinley Said to be Accepted—Advance on San Juan—Report from Shafter's Army.

The Spanish Cabinet last night formally approved the text of the reply to the terms of peace proposed by the United States. The reply will be telegraphed to the Spanish Ambassador at Paris and by him forwarded to M. Cambon at Washington. M. Cambon will probably receive it to-day.

From the time consumed in the preparation of the note it may be of such length as to require considerable time for translation from the cipher. M. Cambon may be ready tonight to communicate with the President, but it is possible that he may not be ready until tomorrow.

On the best of authority it is said that the reply is a full acceptance of the condition imposed by President McKinley. The Spanish Government, it is said, is confident that the reply will be satisfactory to President McKinley and that there will be an immediate cessation of hostilities. So satisfied are the authorities at Washington that they are considering the step to be taken after peace shall have been declared and fulfillment of the terms entered upon.

Four columns of the American army are now advancing through Porto Rico toward San Juan, driving the Spanish forces ahead them. Gen. Henry is proceeding direct to Areibo. Gen. Schawn is moving by another route. Gen. Wilson is proceeding along the main military road. Gen. Brooke is proceeding from Guayama toward Cayey where he will also reach the main military road. The navy is preparing to shift its base to the north side of the island to be ready to cooperate in the attack on San Juan.

Maj General Schafter reports 431 new cases of fever in his army on Saturday, and 477 returned to duty. There are now 3,681 on the hospital list, of whom 2,638 have fever. He reports for two days ten deaths, seven being from various forms of fever.

and will be conveyed directly to Mon- auk Point L. I. It is feared that the limited wharfage facilities at Santiago will be unequal to the speedy embarka- of the American troops.

According to a close personal friend of President McKinley the president expects the permanent possession of Manila and the island of Luzon by the United States to be one of the fruits of the war. He is said, on similar authority, to expect the Cuban question to resolve itself into a protectorate, with a view to ultimate annexation.

A Narrow Escape

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in Consumption. Four Doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, I determined if I could not stay with my friends on earth, I could meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs, and Colds. I gave it a trial, took in all eight bottles. It has cured me and thank God I am saved and now a well and healthy." Trial bottles at W. F. Peters Drug Store Regular size 50c and \$1.00 Guaranteed or price refunded.
